No one medicine can cure in all cases, but we can salve more real proof of the virtue of Ambrosial Oil in its healing properties, from responsible men, who are above being bought, than can be produced for any other

medicine.

We do not assert a cure for every malady to which the human family are subject, but what we proclaim we can substantiate by living witnesses. The Ambrosial Oil is a Nashville preparation, and sold throughout the South and Southwest by all good druggists and general dealers. The South may be justly proud that Dr. Clark, a native Tennesseeun, after much labor and research, has produced a really worthy medicine, which is borned in drive out much of the worthless imported with a drive out much of the worthless imported. is bound to drive out since of the workness imported trash with which the country is flooded.

Please call at our effice, where we will take pleasure in showing letters and testimonials too numerous to set forth in the form of an advertisement, some of which come from physicians in high standing, who are using one from physicians in fight standing, who are units
in their practice, as they state, with marvelous of
ects. We challenge the world to produce a remedy so
peedy and effectual in its healing properties.

Rend the evidence of the virtue of Clark & Fulers Ambracial Oil, swidence so authentic, and from
persons whose world and standing are irreproachable.

Dr. MERWIN'S FEVER & AGUE PILLS. For the Permanent Cure of Fever and Ague, Chills, Remitent Fever, Bilious Fever,

Dumb Ague, AND ALL PERIODICAL DISEASES, FIGHAT have their origin in the missmatic effluvia arising from decayed vegetation.

These PILLS never fail to cure all of the above named Pevers and what is better, they also ACT AS A PREVENTIVE, if taken escaledally or daily, while exposed to the infection. Hence the old seage, "an

unce of preventive is worsh a pound of cure."

Dr. Merwin's "Fever and Ague Pilla" differ from all
ther Chill Medicines in the following particulars: 1. They never fail to perform a speedy and permanent cure.
2. They are recommended only for one class of disi. They are agreeable and convenient to take.

They contain no poisonous minerals, being purely 5. They do not impair the organic functions of the for their reception, or afterwards to allay irrita-

7. They are not a northern "catch penny homeng," but are prepared by gentlemen that were born, reared and educated under the benign inflaences of southern. Remember when you purchase these Pills, that you Remember when you purchase these Pils, that you are not contributing means for "Yankee Emigrant Aid Societies," or Sharp's riles and bowie knives, for "bleeding Kansia," as you many times have done in buying northern articles.

We wish all to dissinctly understand that this is a Southern Medicine, prepared from the simple plants that grow in our woodlands, on our river banks, bayous and lakes. As a special merit, we wish to call attention

Also, constantly on hand and for sale, Flat Papers, Cards and Card Boards, Riank Books, Station-ary of all kinds, and Blanks of every description, for dily and bounty officers, corporations, bankers and railroad companies, at wholesale and zetail, at the lowest prices. Orders from the country shall receive our MILITIA GUNS. NDER the late law, it is required that Guns in the hands of private individuals shall be delivered to colonels of the different Regiments, to be valued at by them turn dover to such officers as the Gover-

or of the State shall appoint. Under this law Governs has directed the gans collected in this division to turned over to me, as Ordnance Officer of the Conderate States. I receive many letters from the Colonels and agen I receive many letters from the Colonels and agents engaged to purchasing, requesting use to inform them what kind and quality of gens are swinable. To answer these inquiries would take up much time, and I give herein the kinds of guns fit for nse:

For reboring and refitting it is necessary that I have a barrel net less than three fourths of an inch in diameter, at the smallest part of the barrel; and it makes no difference whether any part of the gun is good except the barrel; as they are all restocked, and new bands, breech phintes, goards, triggers and trigger plates are used. I would prefer to have good locks, but this is not indispensable. Any kind of a double barrel shot gun, inless the barrel is too much worn, can be made an efficient weapon. Single barrel gons, unless they are of the class known as "duck guns," are useless for army purposes. rei. It is earneatly requested of the colonels of regreenests and agenls purchasing, that they gather up all of the buffet moulds and every part of the lock of a gun that can be found; such as cocks, beck-plates, tumbiers, serews, springs, nippers, bunds, breech-plates, gands, triggers, trigger-plates, wipers and serew driv rs.

I have a small quantity on hand and the various parts can be fitted together and make perfect locks. Rife barrels are smaller about ofglieten habes below the murals than they are seroes the unitals of the gun, and should be measured there.
